"Spring 2011, I signed up for classes not knowing how I would pay for them. I was praying one morning toward the end of the summer about funding for class and said to God, *'I cannot afford this tuition. My commitment is to have it paid for before I start classes or I will not go.'* Saying this, I still felt that I needed to work toward finishing my degree and knew that I should not to go if the funds were not there. That same afternoon, I received a call from the seminary while I was at work and learned that someone wanted to pay for my entire year of school! I started to cry because this was a direct answer to my prayer that morning.

God has blessed my family so much through the Life Fund. The support has strengthened my faith through answered prayer and affirmed my desire to complete my degree. Thank you to all the people who give through the Life Fund. Your gifts encourage students like me to keep pressing on in their studies. The gifts enable us to leave seminary with less debt and give us more financial freedom to go where God sends us. We also are encouraged to know that people are attentive to raising up leaders for the Church and are praying for us as we are enriched through our seminary education."

# why invest in LIFE?

because...

# LIFETIME INVESTMENT FOR EDUCATION

IFE Fund donors play a significant role in preparing and equipping leaders for ministry through support, prayers, and encouragement.

nvesting in the LIFE Fund bears lifetime interest in the lives of those involved in all aspects of ministry.

Financial assistance through the seminary meets only a portion of the student's demonstrated need.

ach contribution, in its entirety, is applied directly to the student's account.

Your help is needed as we equip servant leaders responding to their call: "Go and make disciples of all nations . . ." (Matt. 28:19).
